800.298.6050 | surefitlab.com

OUR MISSION

To enable practitioners to provide optimal lower extremity care for patients.

Value-Added Services

- Medicare Document Management (MDM): Streamline your Medicare paperwork submittal through our online review portal.
- Clinical Services: Receive consultation, casting assistance, and more, from our board certified C. Peds.
- Patient Recall System: Be notified when your patients are approaching their annual renewal date for diabetic shoes.

Label Convention

- Call 800.298.6050 option 1 to request shipping labels. To ensure timely processing of shipments, please ensure the correct colored labels are used:
 - Red Labels: Use the red label when submitting FOAM BOXES and casts for RICHIE branded AFO's.
 - All custom items are non-returnable. Adjustments can be made once you have contacted Customer Service for a return authorization (RA) number. Once you receive the RA, you can use the red label to return the items for adjustments.
 - Yellow Labels: Use this label when submitting NON-RICHIE branded AFO's.
 - Green Labels: Use this label when RETURNING SHOES/DME PRODUCTS. All returns/exchanges require a call to customer service for an RA number.
 - Never use the Green label for FOAM BOXES or CUSTOM ITEM ADJUSTMENTS. This will delay your credit and rework. Use the red label for foam boxes or custom item adjustments, and casts for Richie branded AFOs. Custom items adjustments require an RA number.

Ordering

- Custom Orders: All custom orders require a SureFit order form to be completed and submitted. Call customer service at 800.298.6050 option 1 for a copy of the order form.
- MDM/COMPLIANCE Process Flow: To prevent duplicate orders along with delays in manufacturing and review of your documents, we require orders to be entered into the MDM/Compliance Application prior to shipping foam boxes or submitting a scan.
- If you are using a Fusiform scanner, please wait to submit your order once you or your colleagues have entered the order into the MDM/Compliance Application.

BRANNOCK MEASUREMENT CHART

To help determine the shoe width needed based on the Brannock measurement use chart below:

BRANNOCK* MEASUREMENT	MEN'S MINIMUM SHOE WIDTH NEEDED	WOMEN'S MINIMUM SHOE WIDTH NEEDED
AA	—	2A/ NARROW
A	—	B/ MEDIUM
B	B/ NARROW	B/ MEDIUM
C	D/ MEDIUM	D/ WIDE
D	D/ MEDIUM	2E/ X-WIDE
E	2E/ WIDE	4E/ XX-WIDE
EE	4E/ X-WIDE	—
EEE	6E/ XX-WIDE	—
*Remember, this is a two dimensional measurement, width can be increased based on other factors
